

## Essiac Herb Tea Capsules

### **Firstly, Some Good News:**

Essiac has been reported in Government publications to kill cancer cells, and has shown other benefits also. See one such result here: <https://www.ncbi.nlm.nih.gov/pubmed/18225545>

### ***ESSIAC CAPSULES - FORMULA BY NURSE RENE CAISSE***

Essiac consists of either 4 or 8 herbs (see your order), formulated in specific quantities under special conditions to result in a premium quality, medicinal herbal tea. Essiac has a long history of therapeutic use, praised by many for its apparent ability to shrink tumors and help restore health.

Some Natural Health professionals recommend taking Essiac daily for optimal health, assisting the body in removal of toxins and helping to boost overall immunity. Essiac is a safe herbal remedy that has been used for years to help restore health after or during illness and disease.

It is our opinion that it is generally safe to use alongside other medications/steroids etc.

### ***Rene Caisse: Canada's Cancer Nurse***

Rene Caisse was a Canadian nurse who, for over fifty years, treated cancer patients with this remarkable formula. A Registered Nurse from Bracebridge, Ontario, she received the original recipe for her tea from a member of the Ojibwa first nation. Amazed with her personal experience with the tea, she began employing as part of a protocol to treat patients at her cancer clinic in Bracebridge, attracting patients from all over the world. She observed how in many cases that Essiac was effective when conventional treatments of the time had failed.

### **How Does Essiac Work?**

The herbs in the original Essiac formula work as a synergistic combination to optimise the body's defences against abnormal cell growth. The herbal combination of Essiac removes toxins and cleanses the body, allowing the immune system to more effectively deal with cells that need to be eliminated.

NEW! Convenient Capsule Form  
Original & Improved Essiac Formula By Rene Caisse  
Supports And Stimulates Detoxification  
Supports Immune System Function  
Herbs Are Grown Without The Use Of Pesticides Or Herbicides

Essiac is free of all common allergens, including: wheat, dairy, eggs, corn, and yeast.  
Do not take Essiac if you are pregnant or nursing.

### **How To Take**

#### **2-4 capsules twice daily**

No food 2 hours before and 1 hour after consuming.  
Vegetable juice, black tea/coffee, water, herbal teas, some fruit juice, are not considered food in this regard. Basically, AVOID any protein during those hours before and after essiac, as it affects the mechanism of function.

**\* *Legal Disclaimer :) Please note that the tea does not replace conventional medical treatment***
