

Essiac Herbal Capsules For Pets

Firstly, Some Good News:

Essiac has been reported in Government publications to kill cancer cells, and has shown other benefits also. See one such result here: <https://www.ncbi.nlm.nih.gov/pubmed/18225545>

ESSIAC CAPSULES - FORMULA BY NURSE RENE CAISSE

Essiac consists of either 4 or 8 herbs (see your order), formulated in specific quantities under special conditions to result in a premium quality, medicinal herbal tea. Essiac has a long history of therapeutic use.

Some Natural Health professionals recommend taking Essiac daily for optimal health, assisting the body in removal of toxins and helping to boost overall immunity.

It is our opinion that it is generally safe to use alongside other medications/steroids etc.

Essiac for Pets is made from Rene Caisse's Proprietary herbal formula and helps support the immune system and is suitable for dogs and cats.

The immune system of a dog or cat is as complex as the human immune system. Its purpose is to help keep them healthy. Daily stresses, lifestyle and dietary habits are factors that can impact the immune system.

How Does Essiac Work?

The herbs in the Essiac formula work as a synergistic combination to optimise the body's defences against abnormal cell growth. The burdock, sheep sorrel, slippery elm, and Indian rhubarb combination of Essiac removes toxins and cleanses the body, allowing the immune system to more effectively deal with cells that need to be eliminated.

NEW! Convenient Capsule Form
Original Essiac Formula By Rene Caisse
Supports And Stimulates Detoxification
Supports Immune System Function
Herbs Are Grown Without The Use Of Pesticides Or Herbicides

Essiac is free of all common allergens, including: wheat, dairy, eggs, corn, and yeast. Do not take Essiac if you are pregnant or nursing.

How To Take

Essiac for Pets comes in capsules which are easy and convenient to take and can be given with a small amount of food or broth to help facilitate consumption. ESSIAC for Pets is most effective when taken 1 hour before or after meals.

Suggested amount of capsules daily:

Up to 20lbs: ½ capsule twice daily
21 to 50lbs: 1 capsule twice daily
Over 50lbs: 2 capsules twice daily

**** Legal Disclaimer :) Please note that the tea does not replace conventional medical treatment***
